SHERRY WINES
VINOS DE JEREZ

Dear Guest

It is a great pleasure to welcome so many of you today, to our annual Great Sherry Tasting. The UK remains the most important export market for Sherry and is, we believe, entering a new phase.

In recent years it has been well documented that Sherry is enjoying a new era. We see a new cycle for Sherry – attracting a new audience of wine, food, travel and provenance-orientated consumers – and this is exciting, and important, for our continued success as one of the world's most revered wines.

On my travels around the world, Sherry is often cited as a winemaker's favourite wine; a wine that intrigues them and captivates their interest as an oenologist. There is, as we know, lots to learn about this unique wine, and this is why education remains a cornerstone of our promotion strategy worldwide.

In the UK, our team has been working on a wide variety of projects to bring Sherry to an unsuspecting wine-drinking nation. A major part of our work has been engaging with our online Sherry community. Work that we are very proud to have won recognition from two leading industry publications – proof that Sherry is innovative – something you might not have expected to hear me say.

The autumn will be busy for our UK team, as they host the UK final of Copa Jerez at The Restaurant Show; take our Sherry Festival winners on a trip to Jerez; and, of course, prepare for International Sherry Week (7-13 November).

But let's return to today, as we have a busy schedule of events for you. In the main tasting gallery are 22 importers representing 30 producers, showing nearly 200 Sherries. We also welcome some producers that have travelled from Spain to be here specially for you today, so please take some time to meet them and enjoy all the Sherry stories they have to tell.

I hope you find today a great opportunity to learn more about Sherry; to meet our producers; and that you leave with a greater appreciation of what I think is the world's greatest wine!

We hope you enjoy the day.
