Description:

Who knew that concentration could be so much fun? This workbook supplies 32 exciting hidden picture puzzles for your child to solve. The colorful illustrations and surprising discoveries make them a perfect fit for young learners! Over 250 little pictures await discovery in some very funny bigger scenes, such as a frog baking a housefly pie or a purple penguin snowboarding. See a pink hippo relaxing in a crowded wading pool. Look more closely, and other details emerge. In discovering the hidden objects, young eyes and minds also sharpen visual skills, eye-hand

coordination, and attention to detail. Laughter and creativity are happy bonuses.
