Description:

The ultimate gift for gardeners and art-lovers, featuring 300 of the most beautiful and pioneering botanical images ever

Following in the footsteps of the international bestseller *Map: Exploring the World*, this fresh and visually stunning survey celebrates the extraordinary beauty and diversity of plants. It combines photographs and cutting-edge micrograph scans with watercolours, drawings, and prints to bring this universally popular and captivating subject vividly to life. Carefully selected by an international

panel of experts and arranged in a uniquely structured sequence to highlight thought-provoking contrasts and similarities, this stunning compilation of botanically themed images includes iconic work by celebrated artists, photographers, scientists, and botanical illustrators, as well as rare and previously unpublished images.
