Description:

Review "Roberts gives [listeners] a new, well-written retelling of the spectacular ebb and flow of World War II." ---Library Journal Starred Review

--This text refers to the edition.

From the Back Cover

Andrew Roberts's acclaimed new history has been hailed as the finest single-volume account of this epic conflict. From the western front to North Africa, from the Baltic to the Far East, he tells the story of the war—the grand strategy and the individual experience, the brutality and the heroism—as

never before.

Meticulously researched and masterfully written, *The Storm of War* illuminates the war's principal actors, revealing how their decisions shaped the course of the conflict. Along the way, Roberts presents tales of the many lesser-known individuals whose experiences form a panoply of the courage and self-sacrifice, as well as the depravity and cruelty, of the Second World War.
